

Mail-In Instructions

Beats

Please follow these instructions carefully when mailing your Beats to iStore for repair. For more information on Beats repairs please visit www.istorenz.com/service

1. Fill out the **Your Details** section. Please fill out your email address in block letters. Please note we require your physical postal address including the post code.
2. Locate the Serial Number of your Beats product. On recent models, this can be found on the device. If there is no Serial Number on your Beats, please provide the serial number from the retail packaging. Record this in the **Device Details** Section.
3. If your product was purchased more than 12 months ago, iStore requires a copy of the proof of purchase to be included with this form. iStore will unfortunately be unable to service Beats without a proof of purchase in this situation. If you are unsure of the age of your Beats product you can check the coverage online.¹

Please contact AppleCare for assistance on 0800-127-753 if you cannot locate a proof of purchase for your product, you will need to set up a Mail-in repair with AppleCare directly.

4. Under **Fault Description**, describe what is happening with your Beats. Please include as much detail as you can to help our technicians diagnose your fault.
5. Choose your preferred form of contact for iStore to communicate with you.²
6. Sign and date the bottom of both the Mail-In form and the attached Service Terms and Conditions.
7. Remove any accessories such as detachable audio cables from your Beats product. If any accessories are included when mailed in to iStore they will not be replaced.
8. Package up your Beats and courier it with the signed Mail-In form and Terms and Conditions page included to:

iStore
Attn: Service Department
61 Hurstmere Road
Takapuna
Auckland 0622

Helpful Information

1. Check the warranty status of your Beats product by visiting: <https://checkcoverage.apple.com/nz/en/>
2. iStore will always email you for service re-quotes and diagnostics. If you don't have an access to your email please let us know.

Return shipping will be invoiced by iStore and will need to be paid before your repaired item is couriered back to you. All Mail-in repairs are subject to our current service turn around times. Please see www.istorenz.com for details.

Service Terms and Conditions

14. Service Request Terms

14.1 These terms and conditions apply to all service work (Including but not limited to In-Warranty, Out-of-Warranty and repairs covered under New Zealand Consumer Law) undertaken on behalf of the client by iStore New Zealand Limited or its employees, contractors or related companies.

14.2 A minimum "diagnostic fee" applies to all requests for diagnosis of a device's problems unless covered by Apple's manufacturing warranty, variable warranty or other kind of coverage (final coverage is to be determined by Apple). In the event that a diagnostic is performed by iStore but no repair takes place, the minimum diagnostic fee is still applicable.

14.3 iStore will provide an estimate of the work that is required to resolve the problem. However, in order to avoid ordering and charging the client for unnecessary replacement parts, if there is a problem that may have arisen from more than one part being faulty, iStore will first order the part most likely to be causing the problem (if applicable, as specified in Apple's Service Procedures) and will only include this part and the associated labour in our estimate.

14.4 If changing the first part does not resolve the problem, additional parts may need to be ordered. The client will be notified of this situation prior to any parts being ordered or any further work being done if ordering more parts may result in further charges to the client.

14.5 Service parts or products are new or equivalent to new in performance and reliability. All replacement products or part(s) fitted for all service jobs are warranted to be free from defects for ninety (90) days from the date of service or for the remaining period of your original product coverage, which ever is longer.

14.6 Software related issues are not covered under Apple Warranty and service charges will apply. iStore will contact the client in the event of a software issue being diagnosed with a quote for repair.

14.7 If during the course of repair an unrelated part fails due to normal wear and tear, any damage or any pre existing condition (such as a dry solder) iStore New Zealand Limited is not liable for such damage and/or failure(s). iStore will provide a further estimate of the cost to replace the additional parts, including the cost of labour to do so.

14.8 iStore holds the right to not proceed with any work until written confirmation has been obtained by the client. Whether this be in the form of a signed quote (signed in-store) or written acceptance via email.

14.9 iStore holds the right to refuse service for devices that show signs of the following:

- (a) Un-authorized modification, tampering or repair. All devices must contain OEM parts; or
- (b) Organic material or be in any other state that may pose a health and safety risk to iStore, it's employees and other customers.

14.10 If a device is found to have non-OEM parts, modifications or contain organic material as depicted in 14.9 the client accepts that iStore may charge a diagnostic fee to cover time spent inspecting device.

14.11 iStore and its agents will not be responsible for any damage to a product that occurs during the repair or diagnostic process that is a result of any unauthorised modifications or repairs or replacements not performed by Apple or an AASP. If damage results, iStore will seek your authorisation for any additional costs for completing service even if the product is covered by warranty or AppleCare. If you decline authorisation, iStore may return your product un-repaired in the damaged condition without any responsibility.

14.12 All service work is undertaken with the assumption that the appropriate backups have been made. If this is not the case, the client must let iStore know during the book-in process. iStore is not responsible for any data loss. If data recovery is requested by the client, service fees will apply regardless of warranty status. In some cases data recovery will not be

possible due to either a hardware failure or the repair strategy provided by Apple.

14.13 The client authorises iStore to run diagnostics on the client's device including Apple diagnostics and acknowledges that anonymous system information concerning the device will be sent to Apple. Any service work performed may also be subject to Apple's Terms and Conditions which can be found via <http://apple.com/nz/legal>.

14.14 Before a device running iOS can be diagnosed the device must be updated and restored to the most recent release of iOS. Under no circumstances is iStore able to service an iOS device without updating it. iStore is unable to sign older releases of iOS. In order to correctly diagnose Mac hardware issues a software update may be required. The client authorises iStore to perform all software updates and/or restores once the device is booked in for service without prior notification.

14.15 iStore may hold a client's device until such a time as all service charges and other outstanding invoices have been paid in full.

14.16 If a client's device or devices have not been collected from iStore after communication and advice to do so for over three (3) months, iStore holds the right to dispose of client's device(s).

14.17 All turn around times quoted by any agents, employees, franchises or subcontractors of iStore New Zealand Limited are estimations and are subject to change at any time without notice.

14.18 All service work is also subject to sections 1 through 13 of iStore New Zealand Limited's Terms of Trade which can be found via www.istorenz.com/legal.

15. Out of Warranty Service Requests

15.1 Before commencing with a diagnostic for a device that is outside of it's Apple limited Warranty or AppleCare Protection Plan coverage, iStore will advise the client that faults could occur due to a number of issues. iStore will follow Apple's Service guidelines based on iStore's diagnosis of a particular fault.

15.2 Faults can not always be absolutely determined without attempting to replace parts that may or may not be faulty.

15.3 In respect to 15.1 and 15.2, the client acknowledges that:

- (a) There is no guarantee that the repair will result in the device being repaired;
- (b) The client has been advised that iStore will attempt to repair the machine by replacing the part most likely to have failed in accordance with the Apple Service guidelines and/or at the discretion of the iStore Service Team;
- (c) If the replacement part does not repair the device, the client will still be responsible for paying for the part and the associated labour to replace the part;
- (d) In the event that the replacement of a part does not repair the machine, iStore will seek the Client's permission before replacing any additional parts;
- (e) iStore shall not be held liable and the Client releases iStore from any liability in respect to the hardware or any parts thereof failing or being damaged as a result of performing the labour at the Client's request;
- (f) iStore provides no express or implied guarantee of Warranty in respect of the labour whatsoever;
- (g) The client shall have no right of redress against iStore as a result of the labour being performed; and
- (h) The client agrees to pay a stipulated Diagnostic Fee upon the service request. This is non-refundable but will be put towards the final cost of quoted repair if a quote for repair is accepted.

15.4 All Out-Of-Warranty service work is also subject to iStore New Zealand Limited's Terms of Trade and Service Request Terms.

Acceptance

I do not wish to be contacted by Apple for the purpose of a survey regarding this service.

By signing below I agree to the above terms and conditions of service and accept the item(s) noted on the attached and signed SRO intake form have been handed in for service to iStore New Zealand Limited:
